

NEED HELP WITH REPEAT EXAMS?

LEARNER SUPPORT CENTRES ARE HERE TO HELP YOU.

THE REGIONAL WRITING CENTRE Can help you to

- prepare for exams that involve writing, from short/long answer exams to either sit-down or take-home essay exams.
- talk through key course ideas so that you can put them into your own words
- identify and understand the basis for the evaluation of your answers.
- develop strategies for
 - reading and understanding exam questions
 - identify key terms
 - plan and organising an answer
 - developing arguments
 - write strategically
 - combat writer's block
 - avoid plagiarism

The Mathematics Learning Centre (MLC) is a special initiative of the Department of Mathematics and Statistics in the Faculty of Science and Engineering which provides a range of support services to aid UL students' mathematical learning across all programmes. These services include:

- Individual consultation.
- Additional tutorial support.
- Instructional screencasts.
- University mathematics preparation courses.
 - Access to additional resources.
 - Supervised study.
 - Diagnostic testing.
- Exam and study advice and tips.
